NOTES AND QUERIES

The first of these is the question of the origin of the name of the place. It is generally supposed that the name is derived from the fact that the place was first settled by a man named John Smith. This is, however, a very uncertain tradition, and it is more probable that the name is derived from the fact that the place was first settled by a man named John Smith.

NOTES AND QUERIES

The second of these is the question of the origin of the name of the place. It is generally supposed that the name is derived from the fact that the place was first settled by a man named John Smith. This is, however, a very uncertain tradition, and it is more probable that the name is derived from the fact that the place was first settled by a man named John Smith.

NOTES AND QUERIES
