PROOEMIUM.

Annus, & quod excurrit, nunc agitur, quum de gravitatis pariter ac utilitatis plenisimâ hâc materiâ dissertationem conscribere Academicam animum induxissem; sed semper me cùm ipsâ rei difficultas, tûm vel maximè, summa judicî mei tenuitas deterrebant: Interim tamen fidelissimi Amplissimi Domini Præsidis, Praeceptoris mei nunquam satis Venerandi, ea de remecum collati sermones animum addidere, ut denuo dissertationi præsenti manum admovere non dubitarem. Potuisse me quidem, imò vero debuisse & q̄j utile in foro argumentum dissertationis præsertim inauguralis (ceu vocant) exjuris nostri privati (uti primitus animus erat) quam publici potius fontibus haustum, in medium proponere, ingenuè fateor, cùm & juris illius pleraḡ eximiâ se utilitate commendent. Sed quicquid hujus sit, ad cœptitamen laboris curam reverti, quam novum suscipere malui. Cui instituto causam præbuit primum illud, quod & disputationis proposita haud pauca variis hinc & illinc probationibus ex juris nostri locis petitis indigeant. Quam in rem integer titulus in jure Digestorum, de albo nempe scribendo, reperitur conceptus, ne dicam aliquot insuper leges de albo corrupto tit. D. de Jurisdictione, & ejus generis alias materia nostræ inservientes, tribus posterioribus libris

Codicis

PROOEMIUM.

Codicis esse insertas. Altera & illa quidem præcipua causa hæc erat, quod longè major eorum in publicum usus sit, quæ ad ipsam Imperii nostri Romano-Germanici rationem proprius aliquantò pertinent. Qualia sunt omnia, quæ Juris publici nomine in Imperio nostro veniunt. Etenim illa, quæ juris privati sunt, singulorum ac plerumq[ue] inferioris conditionis civium commodum spectant; istorum verò non paulò alia conditio est, quod universos nimirum & ipsos Imperii Principes & Status afficiant. Placuit autem præreliquis de Imperii Romano-Germanici MATRICULA exactius nonnihil inquirere, quod disceptationis materiam ea non Statibus solum invicem præstet gravissimam, sed & Comitiis propemodum singulis non aliud temerè argumentum Imperii Proceres magis exerceat. Quod si non ubiq[ue] votis lectorum satisfecero, vel hoc ipsum, quod primus difficile argumentum, ac nulli, quod sciam, tentatum hactenus, aggressus sim, venia loco erit, quando & illud laudem habet, in arduis aliquò prodire tenus, si non datur ultra. Quod autem ut votis secundis succedat, devotissimâ mente Dei T. O. M. supremi omnium honestiorum literarum Præsidis, auxilium imploro.
