Sixth Annual Meeting of
the European Geophysical Society
Vienna, Austria, September 11-14, 1979

Call for Papers
Deadline for Abstracts
June 1, 1979

The European Geophysical Society (EGS) will hold its Sixth Annual Meeting at the Technical University of Vienna (TU Wien) September 11-14, 1979. The meeting will be devoted to all areas embraced by the EGS:

- Solid Earth
- Hydrosphere
- Atmosphere
- Magnetosphere
- Interplanetary Space, Moon, and Planets

The meeting will have an open character, thus providing an interdisciplinary forum in Europe for all scientists working in the above fields. It will be devoted to the special symposia as well as to sessions on the basis of the abstracts submitted. In this way the European Geophysical Community can define itself and shape its own meeting. 'The Council of the EGS' especially invites papers giving latest results, including reports by students on their thesis work. Poster sessions can also be arranged.

For further information: Sixth EGS Meeting, c/o Institut für Meteorologie und Geophysik, Universität Wien, Hohe Warte 38, A-1190 Wien, Austria. Tel.: (0222) 36 44 53-237.
