Correction

J Geophys (1980) 48:158–160

High Precision Measurement of the Frequency of Mode ${}_0S_0$

W. Zürn,¹ L. Knopoff,² and P.A. Rydelek²

¹ Geowissenschaftliches Gemeinschaftsobservatorium, Universitäten Karlsruhe/Stuttgart, Heubach 206, D-7620 Wolfach, Federal Republic of Germany

² Institute of Geophysics and Planetary Physics, University of California at Los Angeles, Los Angeles, California 90024, USA

We are very grateful to Dr. Michael Shimshoni for pointing out a small numerical error (<1 s.d.) in the paper by Zürn et al. (1980). The corrected frequency of mode ${}_0S_0$ is:

$$f({}_0S_0) = 2.932827 \text{ cph} \pm 11 \text{ ppm.}$$

The new value is in agreement at the 1 s.d. level with the frequency reported by Riedesel et al. (1980).
